

Competition city center, Dudelange (LUX)

project **Competition for the design and development of the city centre** contracting authority **Administration Communale de Dudelange** planing **WW+ architektur + management sàrl (LUX) - Wich Architekten, Munich (GER) - Bartenbach Lichtlabor GmbH, Aldrans/ Innsbruck (AT) - Obermeyer Planen und Beraten, Munich (GER)** result **2nd price (1st price was not allocated)**

Intention of the competition

Moving and living streets create atmosphere, which attracts people and, again animate the street and enhance security and purchasing power. The city center of Dudelange ist to be changed into a contact, a habitation, a consume and communication room. The visitors should not to be considered as consumers, but rather as participants in the city room.

Mission

Redesign the city center with the Avnue Grande-Duchesse Charlotte and the Place Frantz Kinnen as central areas.

Elaboration of a traffic concept for the city center.
